

ANG KOK PENG MEMORIAL AWARD  
(Undergraduate)

## Application guidelines

All applications are evaluated in a competitive manner based on the merits of each application. In order to avail yourself of the opportunity for success, you are required to include the followings along with your application form submission.

### 1. Justification

An application should be accompanied by a brief statement of why the applicant should be given an award. This may be a section in the application form. It is in your interest to define this justification concisely (not more than 1 page) and convincingly to demonstrate that you are the best candidate deserving of the award.

### 2. Relevance

The significance of the award to your course of study or occupation should also be highlighted. The benefit to your intellectual as well as your professional growth should become apparent and the overall social impact should also be evident.

### 3. Merit

Highlight your academic and professional achievements in a manner that makes you the obvious choice for an award.

### 4. Financial

If your application requires a budget, provide a detailed breakdown of all expenses as accurately as possible. You should also state what other sources of funds (if applicable) are available to you.

In summary, an application for an award requires a carefully thought-out rational process to maximize the possibility of success.

The completed application form should be sent to:

Department of Chemistry  
National University of Singapore  
3 Science Drive 3  
Singapore 117543  
(Attention: Ms Carrie Wong Suk Tak)

**Applications for each Academic Year will close on 31<sup>st</sup> August.**
